MPAY Develops Cost-Effective Solution for Benefit Administration

Payentry is the new innovative way to help run your business

Waltham, Ma; January 25 2017 –MPAY, the SaaS solution provider for America’s small and medium sized businesses, is pleased to announce the launch of Payentry’s mobile group benefits administration and enrollment functionality. This solution will provide you and your staff with all of the necessary information needed to make the smartest decisions when offering a benefit plan with the best possible coverage, all while removing the risky and administrative burden that used to take you away from your day to day business duties. Basically, we don’t want you to have to worry about all of the mundane administrative work, we will handle that while you focus on keeping your business growing and thriving.

MPAY’s Vice President of Software Engineering, Amy Layous knows how important this new solution is to business and the positive effects it would have on a small to medium company, “Payentry’s benefits administration, enrollment functionality, and carrier connectivity takes the costly, risky, and manual work out of benefit administrative tasks.”

With this new solution, you won’t ever have to worry about the security and safety of your benefits and can view and change your plan anytime; anywhere. Traveling out of the country and want to change your benefit plan? No problem! With Payentry, you can do this with ease right from your iPad or mobile device. This modern solution simplifies compliance with COBRA and ACA. Payentry’s benefits administration functionality will handle everything from hire to retire, and all that comes in between. All forms are digitized, so nothing will ever be lost and can be accessed all in one convenient location on Payentry. We know, it really is amazing!

About MPAY, Inc.

MPAY, Inc. offers payroll and human capital management (HCM) services for small and medium-sized employers. Through the Payentry brand, MPAY provides employer solutions that increase cash flow and efficiency, reduce risk, and give a competitive edge in managing and retaining high-quality employees. Available services include integrated payroll, tax and time management services, retirement plans, HSA and FSA benefit plan administration, COBRA and state continuation administration, as well as a complete offering of property and casualty insurance, including Pay-As-You-Go workers' compensation.
