Self-Help Glossary

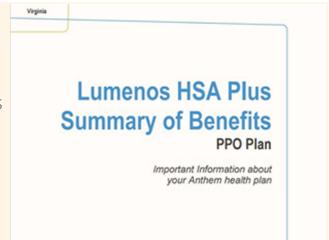

A built-in, self-help glossary ensures employees have a way to understand different insurance terms and lingo that they might not be familiar with.

GLOSSARY: DEDUCTIBLE

The amount you pay in a calendar year before your health plan begins to pay. For instance, if your deductible is \$2,000, you must pay that amount out-of-pocket for covered health services before your insurer begins paying your health care costs. Typically displayed as Individual/Family.

Summary of Benefits & Coverage Documents

These documents allow employees to see the full details of the plan provided by the carrier during the enrollment process as required for The Affordable Care Act.

Automated Calculations

The monthly cost is automatically calculated based on employer contributions to the employee premium, so as employees choose coverage, they can easily see what the premium cost may be to them each month.

Medical	Anthem	Lumenos HSA PPO	\$700.00
Dental	Anthem	Dental Blue 100/200/300	\$72.00
Vision	VSP	Vision	\$48.00
Life	Anthem	Basic Life	\$53.00

Find a Doctor

The Find My Doctor function allows employees to see if their doctor is in network so that there are no surprises after choosing a benefits plan.

A Scalable Enrollment Solution for Any Business

With a benefits enrollment and administration solution that allows businesses of any size to connect with their carriers, Payentry Benefits provides a configurable platform to meet your specific business needs.

Welcome Screen

Employers can customize the Welcome Screen to leave a personal touch to the message their employees see when starting the open enrollment, new enrollment, or benefits change process.

Eligibility Rules

No matter how complex your eligibility rules for new and existing employees are, you can easily define and set these so eligibility notices are distributed once the event occurs.

Contributions

Premium contributions can be calculated however employers would like, whether it's a flat amount, percentage, or other contribution type.

Options

No matter what your business needs may be, our solution has configuration options to meet both simple and complex needs for businesses of any size or industry.
