

✓ KIOSK CLOCK

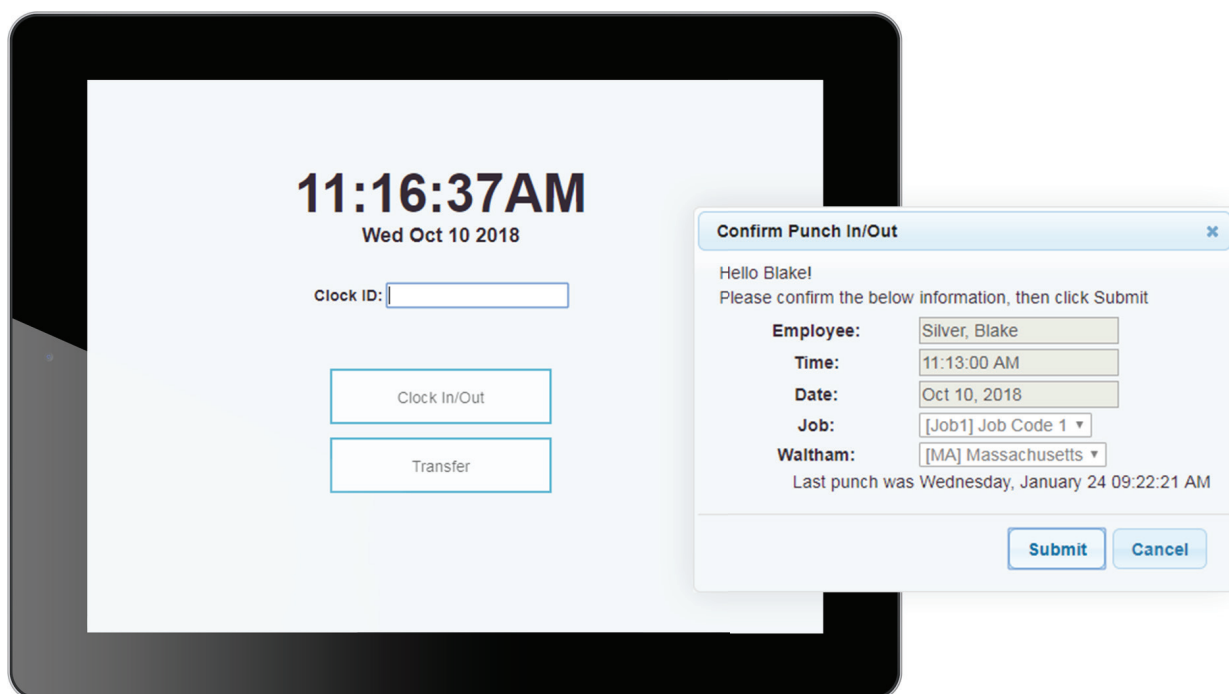

Easy-to-use capability for many employees to clock in and out on one single device.

Features

- Multiple employee access
- Easy entry method
- Automatic refresh after each punch

Benefits

- Speed and simplicity for employees
- Improve accuracy of time tracking

Special features:

- Configure security to allow certain employees access to clock in and out of certain kiosks.
- Kiosks can be programmed to automatically record specific departments or jobs.
- Transferring time is as simple as clocking in and out.
