

Payentry

BENEFITS

SIMPLE & INTUITIVE BENEFITS ADMINISTRATION

Managing your company's benefits is a breeze.

Our robust platform provides the features and flexibility you will need, without the headache.

- Easily add plans, oversee open enrollments and manage employee elections
- Monitor statuses and deadlines with our intuitive dashboard and real-time alerts
- Run custom reports so you can keep track of the information that's important to you

EMPOWER YOUR EMPLOYEES WITH SELF-SERVICE TOOLS

Payentry puts employees in the driver's seat with our self-service tools.

With 24/7 web and mobile access, employees can:

- Enroll in new coverage and report qualifying life events in minutes
- Easily compare plans and costs so they can pick the option that's right for them
- View benefit information and resources on-the-go

SEAMLESS PAYROLL & CARRIER INTEGRATION

Say goodbye to payroll and billing discrepancies.

Payentry helps you avoid costly mistakes by:

- Automatically syncing benefit elections with payroll deductions
- Integrating enrollments with insurance carriers and third-party administrators
- Mapping employee elections to carrier forms for small group enrollments

AFFORDABLE CARE ACT COMPLIANCE

Our Affordable Care Act solution makes staying in compliance easier than ever.

We help companies:

- Ensure an affordable offer of coverage is extended to all full-time and full-time equivalent employees on a monthly basis
- Continuously track hours worked for part time and variable hour employees to determine if coverage should be offered
- Warn companies of potential penalties in the event that an offer of coverage did not meet ACA requirements
